GREG MOZER

SENIOR FULLSTACK ENGINEER

PROFESSIONAL SUMMARY

Senior Fullstack Engineer with 6 years of experience in developing and maintaining scalable web applications using ReactJS, NextJS, and Typescript. Known for strong analytical thinking, problem-solving, and team leadership skills, consistently enhancing performance and user experience. Passionate about mentoring and fostering a collaborative, innovative environment while driving substantial improvements in team efficiency and code quality.

EMPLOYMENT HISTORY

NOV 2023

Senior Software Developer, Rangle.io, Toronto, ON

- Lead team in developing scalable web applications, enhancing user experience and performance.
- Implemented robust solutions, reducing system downtime and improving reliability.
- Collaborate with cross-functional teams to ensure seamless integration and delivery.
- Mentor junior developers, fostering skill growth and knowledge sharing.
- Analyze complex problems, devising efficient algorithms and optimizing code.
- Spearhead cutting-edge web application development, driving substantial performance enhancements and user experience improvements

JAN 2023 - NOV 2023

Senior Software Developer, CGI (TSX: GIB.A), Toronto, ON

- Led a team of developers in creating scalable software solutions, enhancing system performance by 23%
- Collaborated with cross-functional teams to integrate new features, improving user satisfaction
- Implemented code reviews and best practices, reducing bugs and increasing code quality
- Analyzed complex requirements to design efficient algorithms, boosting application speed
- Cultivated junior talent through mentorship, creating a dynamic, innovative environment that boosted team productivity and morale

AUG 2021 - JAN 2023

Software Developer, CGI (TSX: GIB.A), Toronto, ON

- Developed and maintained web applications, improving user experience and reducing load times by 40%.
- Collaborated with cross-functional teams to deliver high-quality software solutions on schedule.
- Implemented automated testing, resulting in a 35% reduction in bugs and faster release cycles.
- Analyzed system performance, identifying and resolving bottlenecks to enhance efficiency.
- Mentored junior developers, fostering a collaborative and innovative team environment.

JAN 2021 - AUG 2024

Software Developer - Web, DCM (TSX: DCM), Mississauga, ON

- Develop and maintain web applications, enhancing user experience and functionality.
- Collaborate with cross-functional teams to deliver projects on time, improving team efficiency.
- Analyze user feedback to optimize features, increasing user satisfaction.
- Resolve technical issues swiftly, minimizing downtime and maintaining service reliability.
- Develop innovative web applications using React and ChartJS, improving system efficiency.

DEC 2018 - JAN 2021

Software Developer - Quadient, DCM (TSX: DCM), Mississauga, ON

- Developed Quadient software, enhancing customer communication workflows and digital transformation.
- Streamlined development processes, reducing project delivery times and boosting efficiency.
- Collaborated with cross-functional teams for seamless Quadient integration and client communication.
- Optimized data processing for projects with over 100k records, ensuring accuracy and speed.
- Led over 30 projects with Quadient Inspire Designer and Interactive, providing expert guidance.

EDUCATION

MAR 2004 – MAR 2009

Bachelor of Engineering (BE), Uczelnia Warszawska im. Marii Skłodowskiej-Curie, Warsaw, Poland

computer science and econometrics

COURSES

NOV 2021 – NOV 2024

Amazon Web Services Cloud Practitioner at Amazon Web Services (AWS)
